

## PLAN DELIGHTS THE DEMOCRATS

Will Try to Make Political Capital Out of Boer Delegates.

## WILL GO ON A TOUR

Chairman Fisher Announces That the Trip Is Not Regarded as Political.

## IS A VIOLATION OF PROPRIETY

Washington, May 24.—Campaign thunder was rolling all along the line in the national capital today. It was heard in both senate and house, and it was announced by the Boer delegates that they are preparing to go out on a tour through the United States, taking in Chicago and the other large cities. The democrats were delighted with this news and made no efforts to conceal their satisfaction.

It is now generally recognized here that the Bryanites have from the first prepared the way for making political capital out of the visit to this country of the Boer commissioners.

## Not a Political Tour

The Democratic leaders have for some time had their heads together, devising ways and means of making the most of this opportunity to hurt the McKinley cause, with the German American vote as their chief object.

Chairman Fischer of the Boer delegation frankly said today that his colleagues had decided to make a tour of the United States, and hoped to visit most of the large cities before leaving for their homes in South Africa. Mr. Fischer says he wants it distinctly understood that their campaign is not to be regarded as a political one; that they have nothing to do with American parties; that they seek the friendship of all classes of people, without regard to politics or religion.

## Alarms the Delegates

It is said that the delegates are considerably alarmed about the outlook. They do not like the prospect of being used to pull political chestnuts out of the fire, yet they cannot see how they are going to avoid it. Meanwhile the Sulzers, Champ Clarks, Allens, Lentzes, and other Bryanites here are all dancing with joy. They affect to believe that the Boer commissioners are going to defeat McKinley.

Members of the administration are not surprised that the commissioners have decided to go ahead with their propaganda. The administration will take no action. It will not attempt to put so much as a straw in the way of the proposed tour, no matter how properly or improperly it may be conducted. The President and his advisers are content to leave this matter to the good sense of the American people.

## Will Visit Milwaukee

Attorney General Sheets of Ohio, Blames Rich Men For Growing Unrest of Nation.

Columbus, O., May 24.—In the arguments of the contempt case against the Ohio Standard Oil company in the Supreme court today Attorney General Sheets, in closing the state's case, said: "All over this country there is unrest, and the money grabbers are responsible for it. It is such defiance of law as is being exhibited by Rockefeller that is prompting the mutterings of thousands that this is a government of the rich, and these people have reached a point where they are ready for a riot, if only a leader will call upon them."

The case submitted is one brought by former Attorney General Monnett, in which he asked the supreme court to punish the Standard Oil company of Ohio for contempt for alleged failure to withdraw from the Standard Oil trust.

## GIRL'S BODY SUNK IN CREEK

Evansville, Ind., Police Confronted by a Mysterious Murder

Evansville, Ind., May 24.—The police are engaged in attempting to solve a murder mystery. Two men in going over a small bridge near the Oak Hill cemetery saw two small feet protruding from the water. They telephoned the coroner, who found the body of a woman, with a rock tied to her neck. The skull had been crushed in front and behind and her shoes and stockings had been removed. From the condition of the body it had apparently been in the water several days.

A telephone message from Elberfeld, in Warrick county, said that Dora Kiefer, a pretty young girl, disappeared from her home there two weeks ago, and came here with a man. The man returned, but nothing has since been seen of the girl. The parents of the girl will arrive on the first train this morning to review the remains. If the body is identified it will be by the skirt, waist and corset worn by the girl.

## NEELY TAXED WITH THEFT OF \$400,000

Now Charged With Having Sold That Amount of Cuban Postal Stamps Reported Destroyed

New York, May 24.—Embezzlements aggregating nearly \$450,000, it is alleged, are now laid at the door of Chas. F. Neely, late chief financial agent of the postal service in Cuba, who is at present a prisoner in Ludlow street jail in this city.

In addition to the sum of \$45,300.26 which he is accused of having stolen outright from the Cuban postal funds, and upon which charge he was rearrested here yesterday, government officials accuse him of fraudulently securing \$400,000 by the sale of Cuban stamps which had been ordered destroyed.

Papers making this charge were sent from Washington to New York, and a warrant based on the new accusations was sworn out this morning. These papers were sent from Cuba to the post-office department at Washington, and it is stated they have received official approval.

The new charge of embezzlement is based on Neely's alleged conversion into cash of the \$400,000 worth of "surcharged" Cuban postage stamps, which, as has been stated, were ordered destroyed, and which were certified to as having been destroyed by the committee appointed for that purpose, of which Neely was the head.

The report of the Executive committee concerning trusts says in part:

"The dark clouds of monopolies and trusts still hover over us, and since our last convention many commercial travelers have lost their positions, and to use the language of an authorized agent of the trusts, 350,000 commercial travelers have been thrown out of employment; \$3,000,000 daily are thus saved to the trusts by the consequent withholding of advertising patronage from country newspapers. ## BEAUTIFUL RITES IN ROME TODAY

Two New Saints Canonized with Elaborate and Solemn Ceremony.

## POPE UNDER A CANOPY

Father John Baptist de LaSalle and Rita de Cascia Both Made Saints.

## THE FEAST OF THE ASCENSION

Rome, May 24.—[Special Cablegram]—Two saints were canonized in the Roman Catholic church today, in St. Peter's at Rome—Father John Baptist de LaSalle, founder of the Order of Christian Brothers, and Rita de Cascia, a nun of the Augustinian Order. Throughout the Catholic world the ceremony will be commemorated by both of these orders.

## Pope Under a Silver Canopy.

The ceremony of canonization began at ten o'clock this morning when an imposing procession passed from the Vatican to St. Peter's. The Pope was borne aloft under a canopy of silver cloth. Thousands witnessed the pageant. Bishops from all parts of the world were present.

## A Beautiful Ceremony.

The ceremony is one of the most beautiful rites connected with the Roman Catholic church. St. Peter's is hung with the papal tapestries and the hangings of those who make application that the blessed be advanced to the rank of saint. In this ceremony the Christian Brothers will make the request for their founder. The procession is an imposing affair, being made up of the papal guard and the cardinals and bishops of the church, clad in full robes and closed by the Pope as it enters St. Peter's.

At least two miracles must have been performed through the intercession of the beatified before the canonization, the various stages of which sometimes extend over centuries. In the present instance several centuries have elapsed since the two new saints were born.

## Feast of the Ascension.

This is the feast of the Ascension in the Catholic church calendar, and it was on this holiday in the year 1684, that Father de LaSalle determined to devote his whole life to the founding of schools, giving up all his worldly possessions and pledging himself to the cause of the dissemination of knowledge.

The canonization of Father de LaSalle means much for the Christian Brothers, as his elevation to sainthood makes the founder of their order the recognized apostle of education. He was the first person to adopt the modern system of education, and devoted his life to building up institutions similar to the De LaSalle Institute. The Christian Brothers now have schools all over the civilized world.

## CORPORAL MABEE WRITES FROM LUZON

### UNCLE SAM'S SOLDIERS ARE WORKED HARD.

Grave-Digging Is Made Difficult on Account of the Ground Being Hard Soil—Soldier Life in the Philippines is No Snap—Tells of Former Fort Sheridan Officers.

Oscar A. Mabee of this city, is in receipt of the following interesting letter from his son Fremont H. Mabee who is a corporal in Company C, Thirteenth Infantry, stationed on the island of Luzon, Philippine Islands:

Lucena, Luzon, P. I., April 6, 1900. Dear Father and Family:—I just came off guard this morning and I guess I won't have to do any work today for a wonder. They are working the life out of the boys. Of course I don't have to work only see that the boys work but then being out in this hot sun is some thing fierce. The sun is getting hotter and hotter each day. The ground is getting so hard that we have to take a pick to dig graves. We dug two graves the other day and worked from 1:30 p. m. to 6:40 and had sixteen men, two worked at a time and ten minutes each and those minutes were worked hard, the graves were 7 feet by 2 1/2. Most of the ground here is lava formation. Sickening in the army and in our regiment is fast increasing on account of the work the boys have to do. One cannot do very much work here in the day time.

The report came here last night that we are to be relieved by the 48th and go to Manila. Some of the boys want to go and others would rather not. If we go to Manila we will be compelled to spend all our clothing allowance and more too. One has to keep clean when doing duty in the city. Faded clothes do not go neither does leggings that have been washed, hats have to be right shape and lots of things have to be done different than in inland towns.

For myself I prefer to do duty in Manila. One has better advantages there and can get the news from the outside world, while in the island we get very little news.

Of course I am not supposed to criticize my superior officers, but I am going to tell you of one in particular. This is major Lovering. If you remember, he is the man that caused a sensation at Ft. Sheridan by dragging Private Hammond to the Summary court by tying a rope to his feet and dragging him on the ground. He was court-martialed and reprimanded by his commanding officer. He is a terror. I honestly believe he is angry if he can't find something to find fault with. If he can't find a real cause he has an imaginary one. When he calls a fellow down he will commence in a low tone and before he finishes he can be heard all over town. He has an uncontrollable temper. He never jacked me up but once and that was the fault of the "officer of the day" and the sergeant of the guard. No matter what the trouble, the man nearest gets the calling. Yesterday he went to the First Sergeant of Co C's quarters and called him down proper, threw two fellows down stairs, and tore things up in general.

Everyone jumps when Lovering comes around, even the officers under him. It is laughable. Some of the boys get so scared that they forget all they ever knew when he speaks to them. Oh! he is a terror and yet I like him. He will call a man down and turn around a moment afterward and loan him ten dollars. We have a good set of officers for a volunteer regiment.

The only place for soldiers though is in the regular army. In this outfit if a man looks cross eyed (slang) he is fined

from \$3 to \$15.00 and thirty days in the guard house. I have escaped both. Two-thirds of the boys of our company have been fined. Col. Gardner is a strict disciplinarian. We have 40 men in the regimental guard house and they are kept at work all day policing the town of Tayabas. Here at Lucena Major Lovering has issued an order that all natives shall clean the streets near their quarters or be fined or imprisoned.

"Everybody's Magazine" for June. "Everybody's Magazine" for June is full of that sort of literature that is easy to read and hard to forget. The skillful admixture of information with interest, which is characteristic of the articles in this magazine is shown at its best.

The "Simple Explanation" of the month is entitled "Electricity and Some Other Puzzles."

"The Descent of the Horse" is a well-illustrated article that traces in a bright and readable way the evolution of the animal from the earliest progenitor.

"From Cotton to Cloth" is the fourth article in the American Industries series. It describes the spinning and weaving of cotton fabrics.

"The Actor on the Road" is a most amusing description of the trials and triumphs of a road company. It is written by a manager of such companies who prefers to keep his name secret, alleging as a reason that he has this "first chance to tell some of the profession with safety what he thinks of them."

The fiction is plentiful and good, consisting of the short, snappy, readable stories of which the magazine makes a specialty.

### A STRIKE OFFICER KILLED.

Duncan McRae, Special at St. Louis, Shot on a Car.

St. Louis, Mo., May 24.—The fourth victim was offered up as a result of the street car strike. Duncan McRae, aged 60, a special officer who came here from Kansas City and was sworn in Monday, was shot down on the front platform of a Cass avenue car at Twenty-third street and Cass avenue, dying in an ambulance while being conveyed to the dispensary. Who fired the shot is unknown. At Fifteenth street and Cass avenue, a few minutes later, a 15-year-old boy, Edward Manz, caught a bullet in the leg while engaged in stirring up strife among strikers and sympathizers. His wound is serious. At Twentieth street and Franklin avenue a mob and the police guard aboard a car had a lively interchange of shots. One man in the crowd uttered an exclamation of pain and fell to the ground, but was spirited away by his friends.

It was a day of rioting, the "patch" being the seat of war and the Cass avenue line the point of attack. Every conceivable kind of missile was hurled at cars, and from every possible point of vantage, roofs and windows of dwellings as well as the cellars of business houses, while from the mouth of every alley missiles fell in showers. At some points bonfires were built between the tracks. These were so large and burned with such fierceness that train crews were unable to remove them, so that the fire department had to be summoned to extinguish the blaze.

A car attracted a crowd at the corner of Park and Mississippi avenues, and the men on board fired a number of shots, slightly injuring two spectators. About fifteen shots were fired as the car rounded the curve into Park avenue. A man named James Sullivan was struck in the side by a bullet, which passed through his clothes and inflicted a slight flesh wound. Another man named William Bodden was struck on the right shoe by one of the shots. Several others had narrow escapes from being hit.

#### Two Hundred Left Homeless.

Chicago, May 24.—More than 200 persons stood about the ruins of the Jackson flats, Calumet avenue near Twenty-ninth street, to-day, bewailing the loss of all their worldly goods, and not knowing where to turn for food and shelter. The building was destroyed by a fire which leveled it with sudden fury. The structure was put up at the time of the World's Fair and was known as the Bahcroft. There were 109 flats in the building, eighty of which were occupied.

## NEELY EXTRADITION BILL

Passed in the House After a Warm Debate.

## A COLLECTOR OF CUSTOMS

For Honolulu Is Provided For—Senate Increases Sundry Bill—New Oleo Bill Admitted to the House—Other Washington News.

Washington, D. C., May 24.—The house passed without division the extradition bill framed by the judiciary committee, but only after a debate in which considerable political rancor was aroused. There was no division of sentiment as to the duty of congress to pass a bill to permit the extradition of Neely, but the Democrats objected to the language of the bill, which covered "any foreign country or territory or part thereof occupied by the United States." The Democrats wanted the bill to apply specifically to Cuba, contending that the broader language assumed the possibilities of further acquisition by the United States of a character similar to that of Cuba. A motion to recommend, with instructions to change the language, was defeated by a strict party vote. The house also adopted the resolution to allow the committee on ways and means to sit during the recess of congress for the purpose of framing a bill for the reduction of the war revenues, and the resolution for a sine-die adjournment June 6. The blind chaplain in his invocation rather startled the house by referring to the Cuban frauds, which, he said, brought the blush of shame to the cheek of every true American. "We pray," he continued, "that the culprit will be brought to speedy justice, that we may give an object lesson to the world in dealing with perfidy and fraud." Mr. Sulzer (N. Y.) declared that the Republicans never intended to repeal the war revenue act and were playing politics. "There will be no repeal of this law," said he, "until William Jennings Bryan sends his first message from the white house." Mr. DeArmond offered an amendment to the Neely extradition bill. It was in the nature of a substitute, and provided that while Cuba was occupied by the United States offenders in Cuba who flee to the United States should be surrendered upon written requisitions. Mr. Cannon (Ill.) characterized Mr. DeArmond as a "chronic calamity howler." The real province of a minority, he said, was to perfect and better legislation, not to oppose everything. Mr. DeArmond moved to recommit the bill. The motion was lost, 106 to 128, and debate being shut off by Mr. Ray calling for the previous question, the bill was passed without division. The senate bill to provide a collector of customs at Honolulu, salary \$6,000 a year, and deputies, was passed. It was arranged that the house should meet daily at 11 o'clock until the Alaskan code bill was disposed of.

## Senate Increases Sundry Bill.

Washington, May 24.—The senate committee on appropriations concluded its work on the sundry civil appropriation bill and reported the bill to the senate. As amended by the committee a net increase of \$4,316,655 is made over the amount carried by the bill as it passed the house. The principal item of increase is that of \$2,750,000 for improvement of the Mississippi river, and of this sum \$2,500,000 is to be expended below the mouth of the Ohio. Among the additions is one for repairs to the wing dam at Rock Island arsenal of \$97,000.

## New "Oleo" Bill Submitted.

Washington, May 24.—The sub-committee of the house committee on agriculture agreed upon a report proposing a bill of its own as a substitute for the oleomargarine measures which have been under consideration. The substitute imposes a tax of \$600 upon manufacturers, \$480 upon wholesale dealers and \$48 per year upon retail dealers.

## IVORY SOAP PASTE.

In fifteen minutes, with only a cake of Ivory Soap and water, you can make a better cleansing paste than you can buy.

Ivory Soap Paste will take spots from clothing; and will clean carpets, rugs, kid gloves, slippers, patent, russet leather and canvas shoes, leather belts, painted wood-work and furniture. The special value of Ivory Soap in this form arises from the fact that it can be used with a damp sponge or cloth to cleanse many articles that cannot be washed because they will not stand the free application of water.

DIRECTIONS FOR MAKING.—To one pint of boiling water add one and one-half ounces (one-quarter of the small size cake) of Ivory Soap cut into shavings. Boil five minutes after the soap is thoroughly dissolved. Remove from the fire and cool in convenient dishes (not tin). It will keep well in an air-tight glass jar.

## American Dramatize the Greek.

Hesperos, the Greek society in the American College for Girls at Constantinople, has recently presented a modern Greek drama. It was written and superintended by Mr. Hadjichriston, president of the Greek society, Synagogos, in that city. The play was entitled "Daughters of Conflict," and was in three acts, and accompanied by a chorus, after the style of the old Greek tragedies. Although Hesperos has given Greek plays which have been taken from ancient literature in previous years, this was its first attempt at the modern drama. The diploma of the American College was accepted last year at the universities of Zurich and of Bern.

## The Priest Scored.

An omnibus full of young Parisian students was making its way along the Rue de Rivoli when an unmistakable priest in the robes of office joined the crew. The students, with the student delight of annoying, began at once to tell all the objectionable stories they could recall. The priest spoke not a word until he rose to get out. Then he said, politely: "Au revoir, messieurs." "Um!" said one of the noisiest, "we don't want to see you again, old dimal!" "Mais, au revoir!" repeated the cure, "we are sure to meet again soon. I am the chaplain of the Mazas prison."—Tit-Bits.

## Gave Up His Job.

A good joke is going the rounds that during the progress of a sanctified meeting at Island, Ky., an over-zealous brother concluded he was the means of transportation from this earth to the better land. So, lowering himself upon his hands and knees, he cried out: "Any one who wants to go to heaven get on and let's go." Two or three men rode off like a bucking broncho, when upon his return he called for another passenger, and a young man equipped with two heavy spurs mounted the conveyance provided and began to drive the rowels into each side, which caused the impoverished mule to quicken his pace, and the passenger was soon landed.—Cahoon (Ky.) Star.

## Wild Apes at Large.

Harry Foy of the comedy team of Foy and Clark, filling an engagement at the Novelty theater in Williamsburg, on Monday night received in a strong box two African apes, which he intended to send to a farm to be tamed and trained. On Tuesday afternoon while Mr. Foy had the box containing the animals open so that the apes could be seen by a friend they broke their long brass chains and escaped out of an open window. Soon they were skipping lightly from one fence to another. Policemen, after scaling several fences, succeeded in capturing one of the animals. The other when cornered in the cellar coal bin of an apartment house assumed a threatening attitude, and was shot.—New York Sun.

## Shaved Chins Caused War.

The fact that the Venetians at one time chose to shave their chins was primarily responsible for a war with Turkey. The Turks swear by the beard of Mahomet, but when the Venetian ambassador who was to sign the treaty ceding the supreme power over Candia to Turkey was asked to take this oath he replied that it was not the oath of his countrymen, that in Venice the men wore no beards. "Neither do the baboons," was the astonishing answer. It so astonished the Venetian that he refused to sign the treaty, and in the bloody and protracted struggle which followed as a consequence the lives of more than 150,000 people were sacrificed.

## SIGNED A VALID CONTRACT.

And now, after many weary years of waiting, we will have the means of knowing about "the lights now in use." City Attorney Burpee did not follow the recommendation of the council committee, but drew the kind of a contract that his oath of office insured—all wool and a yard wide, so to speak. The city's interests are fully protected, and the contractor is as strongly bound to fulfill it as the city is bound to pay. The agreement calls for full 1,200 candle power lights and if they are not furnished, penalties can be enforced, and the contract annulled. This is as it should be. When this city is tied up for five years, the agreement should be explicit. The tax payers are now bound to expend not less than \$59,830 for arc lights under the agreement, and they should receive full value in return.

The contract further provides that the city shall have the right to make frequent tests, of both machinery and current, the tests to be made by any person that the council may designate.

So far as the wording of the agreement is concerned, nothing more could be desired, but the fact that the methods adopted were unbusinesslike still remains. No injustice would have been done the contractors if meter service had been required, and the city would have only paid for what it actually received. This plan, however, was not favored by the committee, and a "flat rate" was agreed upon. Under the valid, binding contract that has been executed, however, the city is well protected, and one ground for criticism has been largely done away with—thanks to the city attorney. The two main points are still in evidence, however—the fact that the expense is more than is warranted, and that the council refused to observe ordinary formalities of business in advertising for bids.

The execution of the contract, on the other hand, marks the beginning of a new era in Janesville, so the results are not wholly unsatisfactory. A continuance of the liberal policy that the council has adopted will put Janesville in the front rank, and all good citizens will welcome the go-ahead policy, that must now be carried out.

Senator Spooner's masterful speech in support of the administration's Philippine policy won him many new friends, and made his old ones more proud of him than ever. He spoke in advocacy of his bill to give the president full authority to act in the Philippines until congress, by legislation, shall determine what the status of the people of the islands shall be, the authority to be given the president during such time after the insurrection in the islands is put down, when it may be desirable for the executive to establish, temporarily, a civil government there.

Milwaukee Evening Wisconsin—The Janesville man who stole the slot-machine may be a desperate rascal; but consider his point of view—he realized there was no other way of getting even with it.

Unless the councilmen can bring forward some better remedy, a permanent sidewalk inspector should be provided immediately. The damage suits are by far too expensive a luxury.

The American Bible society sold 1,406,801 copies of the bible last year. More bibles were sold than any other one book on the market.

Admiral Dewey says the people of the South do not want Bryan for president. Correct. And there are others.

Uncle Sam proposes to knock the "boxers" out in one round.

When the lighting committee, or any other committee, for that matter, has use for a just and valid contract, it can

get the same by calling on City Attorney Burpee. But all attempts to tie his hands, will fail. The city attorney wears no man's collar. He serves the people only.

## June Ladies Home Journal.

Rudyard Kipling, Dr. S. Weir Mitchell, Ian Maclaren, Cyrus Townsend Brady, Julia Magruder and Mrs. Burton Kingland are among the contributors to the June Ladies' Home Journal. Some of its notable features are: "The Passion Play This Year," "The Richest Woman in America" (Hettie Green), "How Some Familiar Things Came to Be," and "The Masterpiece of Mary, Queen of Scots," picturing an apron worked by that unfortunate sovereign while in prison awaiting the executioner. Dr. S. Weir Mitchell's article, "When the College is Hurtful to a Girl," is sure of a wide reading; so are Ian Maclaren's views on "The Minister and His Vocation." Mr. Kipling's "Just So" story humorously accounts for the kangaroo's long hind legs, and is the best of his series. The fiction features of the June Journal are the opening chapters of Julia Magruder's new serial, "The Voice in the Choir," and the "Autobiography of a Girl." A drawing by A. B. Frost, "The Auction at the Farm," a series of photographs showing "Sol Smith Russell in His Summer Home," and views "Through Picturesque America," lend pictorial interest to the excellent number. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

## Woman's Home Companion for June

The June Woman's Home Companion contains a number of good stories, with serials by Mrs. Burton Harrison and Hester Caldwell Oakley Ward, together with plenty of household hints and articles on a wide variety of social and domestic topics; in short, everything that goes to make up a high class popular magazine. Ernest Van Dyck, the celebrated opera tenor, contributes the leading article, detailing the principal events of his career. The wife of the famous magician Herrmann reveals a number of interesting tricks that may be successfully employed in parlor entertainments. Mary Breckinridge Hines brings to a close her brilliant papers on "Social Life in the United States Army," and John Kendrick Bange, the wit of the magazine world, in the final chapter of "The Idiot at home," starts the idiot traveling to save him from becoming a poor millionaire. Published by The Crowell & Kirkpatrick Co., Springfield, Ohio. \$1.00 a year; 15 cents a copy; sample copy free.

## Their Sufficient Reason.

Miss Matson—Excuse my ignorance, but ought I to call you Mr. Bones or Dr. Bones? The doctor (frantically)—Oh, call me anything you like. Some of my friends call me an old idiot. Miss Matson—Ah! but those are only persons who know you intimately.—Tit-Bits.

## Locusts Eaten as Food.

The locust, which is very abundant in southern Europe and the Barbary states, is eaten by the inhabitants, and is said to be very good by travelers who have tasted them. The Goliath beetles of Africa are eaten by the natives, and are also said to be very good.

## MAYOR APPEALS FOR MILITIA BOYS

### CITIZENS SHOULD PATRONIZE ENTERTAINMENT.

Will Be Given at the Armory on Next Monday Evening—Money To Be Used to Purchase Uniforms—Company Is Now a Credit to Janesville and Her Citizens.

Next Monday evening at the Armory an entertainment and concert will be given under the auspices of the local militia company. The proceeds will be used to help purchase new uniforms for the officers of the company.

The entertainment will be given by the celebrated Griffin's orchestra of Chicago, assisted by Helen C. Bick one of the best monologues in the country.

The local militia company is a public spirited organization always willing to assist on public occasions and they are entitled to the hearty support of our citizens.

### Mayor Richardson's Appeal

To the Citizens of Janesville:—I have been requested by Capt. Achterberg, of our local military company to call the attention of the citizens of Janesville to the needs of the company and to request of the people generally a slight financial aid. The boys have planned to give a concert and entertainment at their Armory on next Monday evening, the proceeds of which are to go towards defraying the expense of obtaining uniforms for the officers of the company. The state furnishes uniforms for the men in the ranks, but the officers must buy their own uniforms. This is somewhat expensive for them and they do not feel that they should bear all of this expense alone. They therefore ask the people to patronize this concert and so help them along. They promise that the entertainment will be interesting and well worth the cost. This is asking but little and all must agree that if the boys are willing to give their time and energy towards building up a company, the rest of us should be willing to contribute the small amount of aid which they ask.

During past years Janesville has had a military company of which its citizens have been proud and the new company is composed of as good men as those who formerly won prizes in competitive drills, or who but two years ago promptly answered their country's call and with the enthusiasm of true Americans left their occupations and their homes to maintain the principles of our government. Some of them never to return alive.

The members of the present company are known to most of us and we cannot doubt that they will be as true and patriotic as their predecessors. They well deserve the little help they ask.

YACON P. RICHARDSON,  
Janesville, Wis., May 24, 1900.

## MAGNETIC HEALER BADLY ASSAULTED

### PROF. LYKE ASKS COURT FOR WARRANTS.

Claims That William and Charles Risch of the Town of Harmony Are to Blame for His Injuries—Will See That They Are Prosecuted According to Law.

With his head and face badly bruised Prof. B. O. Lyke, the well known magnetic healer, drove into the city this morning with all possible haste and made his way to the office of Dr. James Mills. Then Prof. Lyke went to the office of John Winans where he sought legal advice.

He requested that warrants be sworn out for the arrest of Charles Risch and William Risch residents of the town of Harmony. Prof. Lyke alleges that he left his home in the town of Harmony this morning in a buggy in which were his three little boys. The ages of the three children are five, eight and eleven years. When within a short distance of home Prof. Lyke alleges that he was assaulted by the Risch brothers who threw large stones at him.

Having the children by his side Prof. Lyke thought more of protecting them from harm and the result was that he failed to keep free from the flying rocks. Prof. Lyke says that he was struck on the face and head with the stones. One of the missiles barely missed the youngest boy. The three boys were on their way to school and after leaving them the injured father drove to this city.

It is said that Prof. Lyke and the Risch Brothers have not been the best of friends for some time and that the trouble this morning was the outgrowth of this bad feeling. Prof. Lyke is a magnetic healer having an office in the new Hayes block.

SWINBURNE a Woman Hater.

The only literary character who is acknowledged to be a woman hater is Algernon Charles Swinburne. His sentiment appears to be based upon the fear that a woman of little culture would be dull beyond description as a life partner, and the conviction that the clever, well-informed woman is the least attractive of her sex.

## TOLERANCE AMONG THE PHYSICIANS

### THE DOCTORS OF DIFFERENT SCHOOLS NEGOTIATE PEACE

Homeopaths in Session at Milwaukee Appoint a Committee to Confer with the Other State Societies—Warring Practitioners Will Get Together in Closer Relations.

Milwaukee, May 24—This seems to be the age of getting together. Before long the lion and the lamb will be lying down together and no one will wonder. Men are getting too large to fight and wrangle over small things any more.

The Homeopathic Medical society of Wisconsin adopted a resolution this morning asking the Allopathic and Eclectic societies to meet with it some time and talk over matters. Heretofore the different medical schools have been like cats and dogs. Neither had any use whatever for the other. To each the other was mere quackery and all followers of it were fools or fakirs. Now the Homeopaths, at least, concede in some matters the other schools are right.

The resolution was adopted in pursuance of a recommendation of the secretary, Dr. Philip Forsbeck of this city in his annual report. The document is in part as follows:

Joint Meeting in 1901

There is a movement on hand which has for its objects the ultimate fraternization of the members of the three schools of medicine, and the removal of such obstacles which through prejudice and sophistry, have isolated the schools of medicine from each other.

It is at present conceded by the profound thinkers of the three schools of medicine, that the only branch of medicine wherein differences exist, is the science of therapeutics, or the method of application of drugs in disease and that this alone should not bar the closer relationship between the schools or a mutual exchange of thought by members of the entire profession.

To that end joint meetings of the three schools have been held in some of our states with utmost satisfaction to all concerned. The secretaries of the allopathic and eclectic school of medicine have respectively this proposition in hand for action by their societies. To bring this properly before the society, therefore, I suggest that a committee be appointed to draft suitable resolutions urging the society to establish through its executive committee such intercourse with the other two state societies, as would insure a joint meeting of the three societies in 1901, time and place to be decided by the executive committee.

Twenty five dollars was appropriated for the fund to erect a monument to the memory of Hahnemann in Washington to be unveiled June 21.

The sessions continued through today. The annual banquet was held last night.

## THE METHODIST CONFERENCE

Time-Limit of Pastors Removed by Big Vote

CAN STAY OVER FIVE YEARS.

A Main Feature of Itinerant Ministry Thus Laid Aside—African Methodist Question Up in Many Phases—Notes of the Conference.

Chicago, May 24.—By an overwhelming vote the general conference of the Methodist Episcopal church decided to abolish the pastoral time limit, by which a minister has been able to remain in one charge not longer than five successive years. Thus one of the fundamental laws of the denomination and one of the principal features of the itinerant ministry is laid aside, and preachers may remain in places as long as the bishops appoint them. While still a pilgrim and a stranger, the Methodist itinerant hereafter can tarry more than five years, other conditions being favorable, for from section 3 of paragraph 173 of the book of discipline has been removed the five-year restriction.

African Methodists of Chicago are affecting to believe that the defeat of Dr. John W. E. Bowen for a bishopric in the Methodist Episcopal church will drive a number of colored persons now in the latter church to look for church home in their organization. In the first soreness of disappointment many colored delegates in the general conference declared their intention to leave for the abiding place of the African Methodists. Dr. Bowen discouraged such action and was joined in this attitude by Dr. H. A. Monroe, I. Garland Penn, Dr. I. B. Scott and Dr. M. C. B. Mason. The Rev. John W. Robinson, pastor of St. Mark's church, the one colored congregation in Chicago attached to the Methodist Episcopal conference, said: "I do not believe that the defeat of Dr. Bowen will in any way affect the negro membership in the Methodist Episcopal church. We are disappointed, but we will stand loyal and trust in God for the future."

Henry P. Jones, a prominent layman in the African church in Chicago said: "Dr. Bowen's defeat means that the branches of the Methodist church north and south will consolidate. A black bishop under those conditions would be intolerable. Old conditions are giving way to the new. In the end the negro will have to hoe his own row. Why not hoe it in the African church?"

Bishop John F. Hurst, president of the Columbian university of Washington, whose methods of collecting funds for his school were scored in a belated memorial signed by Henry Wade Rogers, Dr. J. W. Bashford, Dr. B. P. Raymond, Dr. John F. Goucher and twenty-four other college presidents and laymen, got another slap when the subcommittee on episcopal residences reported just before the adjournment. Washington was cut off the list of official residences, the committee reporting that it was unable to decide whether Denver or the capital of the United States should get the fourteenth bishop. Fort Worth, Tex., was dropped altogether. The report was signed by Chairman John F. Goucher, who has made repeated objections to Bishop Hurst's way of raising money for the Washington school. Thirteen cities recommended for episcopal residences were Chicago, Boston, New York, Philadelphia, Buffalo, Cincinnati, Detroit, St. Louis, Topeka, Minneapolis, San Francisco, Portland, Ore., and Chattanooga. At the afternoon session of the general conference the recommendation of the committee that episcopal residences be established in Zurich, Switzerland, and Shanghai, China, was concurred in.

Two Shot by a Sergeant. Fort Riley, Kan., May 24.—Two military prisoners, John Arnold and George A. Fryman, serving sentences of one year each, were shot here. The prisoners made a daring rush upon the sentry and disarmed him, and taking his Krag-Jorgenson with them, ran for the hills. A sergeant of artillery heard the disturbance and shot the fleeing prisoners. Arnold is shot through the abdomen, his injury being critical. Fryman was shot in the arm.

Government Forces Batten. New York, May 24.—A. J. Restrepo, confidential agent of the Colombian provisional government, has received advices telling of the progress of the revolution. These dispatches assert that the government forces have been defeated in several small engagements, and of the failure of an attack on Tulcan, Ecuador, by an army of combined Colombian and Ecuadorian forces.

New Marriage Law Asked. Havana, May 24.—Archbishop Sparretti, accompanied by a delegation of priests and laymen, visited the palace today and presented to General Wood a petition bearing 31,000 names praying for a modification of the marriage law formulated by General Brooke, so that marriage by an ordained minister of any religion will be legal.

## NEGRO LYNCHED BY MOB.

Swift Penalty Is Meted Out to the Slayer of Two White Girls.

Pueblo, Col., May 24.—Calvin Kimbriern, the negro who shot and killed two young white girls and seriously wounded his wife early Sunday morning, was lynched at 1:38 o'clock this morning by an angry mob of 1,500. Kimbriern was captured yesterday afternoon in Denver and brought here by officers this morning. Upon the arrival of the Rio Grande train at 11:50 a mob of determined citizens surrounded the train at the Eighth street depot, overpowered officers and took the negro from the train, put a rope around his neck and dragged him to the corner of Eighth and Santa Fe avenue, a distance of about three blocks. Five minutes after Kimbriern reached Pueblo his almost naked corpse was being dragged through the streets by as many men as could lay hands on the rope around his neck, followed by a howling mob of at least 3,000 people. Not the slightest attempt to protect the prisoner was made by the half-dozen officers having him in charge. In fact, they had drawn the charges from their revolvers lest by any chance blood should be shed in a faint at resisting the mob. As the train pulled into the Eighth street depot, Kimbriern was pushed helplessly to his feet out of the front end of the smoking car and into the very hands of the mob. A noose was cast about his neck. Many hands at once seized it. Kimbriern made but the slightest attempt at resistance. Heavy steel manacles bound his wrists and he was helpless. He was dragged face downward over the railroad tracks, the noose tightened about his neck, and he was undoubtedly dead before he was hanged to a telegraph pole two blocks from the depot. Twice the rope broke after the body had been hauled up, but the third attempt at hanging was successful.

## HEARS MANY REPORTS.

Luther League Devotes the Day to Business—Programme.

Cincinnati, May 24.—It was estimated from the registering that there were 1,500 delegates here for the second day's session of the Luther league. The opening service, conducted by F. A. Hartmann of Philadelphia, was preceded by musical selections. The reports of President E. F. Ellert of New York, Secretary M. C. Olsen of Chicago and Treasurer Cornelius Eckhardt of Washington were followed by the reports of the executive, literature, publication, finance and world's league committees. After the call of the states, according to the size of their respective organizations, addresses were delivered by F. H. Knobel of New York and Elmer F. Kraus of Leechburg, Pa. The afternoon program included addresses by Rev. S. L. Keyser of Atchison, Kan., and Rev. C. K. Hunton of Columbus, Ohio; talks on "Woman's Work in the Church," by Miss Magdalene King and Miss Jennie L. Christ of Cincinnati, and singing by Mrs. James Russell and Miss Laura Strubbe. In the evening there were sectional programmes for all the Lutheran churches in this city, Covington, Ky., Newport, Ky., and other suburban points.

## Welland Suspects Plead.

Toronto, Ont., May 24.—The Welland grand jury was averse to bringing in a true bill against Kari Dullman, the alleged Fenian and Welland canal dynamiter, here, and the crown had to produce all its evidence before it got a bill. True bills were also found against Nolan and Walsh. The prisoners were then arraigned and pleaded not guilty. The case goes on and a verdict is expected Friday.

Clara Kopp Wrote for Mrs. Pinkham's Advice and Tells what it did for Her.

"DEAR MRS. PINKHAM:—I have seen so many letters from ladies who were cured by Lydia E. Pinkham's remedies that I thought I would ask your advice in regard to my condition. I have been doctoring for four years and have taken different patent medicines, but received very little benefit. I am troubled with backache, in fact my whole body aches, stomach feels sore, by spells get short of breath and am very nervous. Menstruation is very irregular with severe bearing down pains, cramps and backache. I hope to hear from you at once."—CLARA KOPP, Rockport, Ind., Sept. 27, 1898.

"I think it is my duty to write a letter to you in regard to what Lydia E. Pinkham's Vegetable Compound did for me. I wrote you some time ago, describing my symptoms and asking your advice, which you very kindly gave. I am now healthy and cannot begin to praise your remedy enough. I would say to all suffering women, 'Take Mrs. Pinkham's advice, for a woman best understands a woman's sufferings, and Mrs. Pinkham, from her vast experience in treating female ills, can give you advice that you can get from no other source.'"—CLARA KOPP, Rockport, Ind., April 13, 1899.

## ROBERTS' ARMY MOVES ON.

British at Rhenoster River, Within 75 Miles of Johannesburg.

HAMILTON ENTERS HEILBRON

His Force Forms the Right Wing of the Commander-in-Chief, White French, with His Cavalry. Is on the Left—Telegraph Lines Repaired.

London, May 24.—The following dispatch was received at the war office from Gen. Roberts:

"South Bank of the Rhenoster River, May 23, 1:30 p. m.—We found on arrival here this morning that the enemy had fled during the night. They had occupied a strong position on the north bank of the river, which had been carefully entrenched, but they did not think it advisable to defend it when they heard that Hamilton's force was at Heilbron and that our cavalry, which crossed the Rhenoster some miles lower down the stream, were threatening their right and rear. The bridge over the Rhenoster, several culverts and some miles of the railway have been destroyed. Hamilton's troops drove the Boers under Piet De Wet before them from Lindley to Heilbron. The passage of the Rhenoster was stoutly defended. Our loss might have been heavy but for a well-concerted plan which brought Smith-Dorrien's brigade on the enemy's flank just at the right moment. The officer commanding at Boshof reports that upward of 350 Free State soldiers surrendered during the last few days, giving up 350 rifles, about 100 horses and a large amount of ammunition. Kelly-Kenny reports that three companies of yeomanry who were sent to repair the telegraph and clear the country between Bloemfontein and Boshof have returned to Bloemfontein, having performed their duty exceedingly well."

Some Earlier War Bulletin.

Honing Spruit, Orange Free State, May 24.—Gen. French has crossed the Rhenoster river northwest of here. This movement, combined with Gen. Ian Hamilton's occupation of Heilbron, renders the Boer position twenty miles in the British front untenable. The latest reports received, however, say the burghers are prepared to make a strong resistance and possess fifteen guns. Fifteen prisoners were taken today.

London, May 24.—The war office has received the following dispatch from Lord Roberts, dated Honing Spruit, May 22:

"Ian Hamilton reached Heilbron this morning after a series of engagements with a Boer force under DeWet, who is retiring before him. Broadwood has captured fifteen Boer wagons. There have been seventy-five casualties in Hamilton's force to yesterday evening. We reached here this morning." Kimberley, Tuesday, May 22.—About 800 Boers have surrendered at Vryburg (north of Kimberley and a little more than half way between that place and Mafeking). The road is all clear from Mafeking and all opposition in this direction is practically ended.

## FAITHFUL TO SILVER.

Kansas Democrats Place the Money Question at the Front.

Wichita, Kan., May 24.—The Kansas Democratic convention to elect delegates to the national convention met in this city today. Hugh Farrelly of Chetopa was named temporary chairman and W. H. L. Pepperill of Concordia, secretary. In taking the chair Mr. Farrelly made a speech covering briefly the issues of the campaign.

Six delegates at large and fourteen district delegates are to be chosen. J. G. Johnson, national committeeman; David Overmeyer, John H. Atwood, C. W. Brandenburg, James Pike and H. W. Stewart will be the delegates at large. Resolutions were adopted declaring allegiance to the Chicago platform, 16 to 1, denouncing gold monometalism as a British policy, imperialism, expansion, militarism, protective tariff and trusts. The delegates are instructed to support Bryan for presidential nominee.

Saved From Being Lynched.

Chillicothe, O., May 24.—Never in the history of the county has there been such excitement over any crime as there has been here over the murder of pretty 13-year-old Ethel Long, whose murderer is now in jail at Athens, where he has been placed to save him from being lynched by the girl's infuriated relatives and friends. He was spirited away late at night and taken to Athens, where he will remain until he can be brought back here with safety.

Methodist Protestants.

Atlantic City, N. J., May 24.—Consideration of the board on revision of church discipline was before the quadrennial conference of the Methodist Protestant church. The historical preface was adopted without change.

Fatal Fight with Maniac.

Wilkesburg, Pa., May 24.—Locked in a room with a maniac, Alexander McGiffen fought a fearful battle with his mad companion and was killed. His assailant was John McIntosh, a wealthy resident of Wilkesburg.

## Look for the Warning.

Heart disease kills suddenly, but never without warning. The warnings may be faint and brief, or may be startling and extend over many years, but they are none the less certain and positive. Too often the victim is deceived by the thought, "It will pass away." Alas, it never passes away voluntarily. Once installed, heart disease never gets better of itself. If Dr. Miles' Heart Cure is used in the early stages recovery is absolutely certain in every case where its use is persisted in.

"For many years I was a great sufferer from heart disease before I finally found relief. I was subject to fainting and sinking spells, fullness about the heart, and was unable to attend to my household duties. I tried nearly every remedy that was recommended to me and doctored with the leading physicians of this section but obtained no help until I began taking Dr. Miles' Heart Cure. It has done me more good than all the medicine I ever took."

Mrs. ANNA HOLLOWAY, Geneva, Ind.

Dr. Miles' Heart Cure is sold at all druggists on a positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

### Gloves for the Feet...

That is what you will say if you wear a Foster Shoe. They are the best made. We have talked with many ladies and find that no Shoe is as popular as a Foster. You once wear a pair and you never again will be satisfied to wear anything else. Like everything else that is the best it is the cheapest in the end. It will wear longer; it is always a perfect fit; it is a leader in style. We have just added to the line a new hand channel sole which is as flexible as a turn, and in weight, just between a welt and turn. It has the upper stock the same as in higher priced grades and made on the same lasts, but by this new process of

hand channeling the sole, we buy it so that we can now sell it at

**\$ 3 . 5 0 .**

Just think of a Foster Shoe at that price. All widths carried in stock. We have a swell line of new summer Oxfords.

The finest Shine stand in the city. All hours.

### POINTER NO. 1, OR READY-TO-WEAR CLOTHES

## The Business of Clothes Making Is a Fine Art,

But, as in the other arts, the real artists are rare. It takes years of work to acquire the skill of making the right kind of clothes. When YOU buy clothes you should know whether you are buying the right kind.

There is but ONE of two things to do—Either buy a good ready to wear suit or a good made to measure suit. A cheap suit of either kind is TRASH. You get only a poor fit if you buy a cheap suit made to order—it is nothing more nor less than the cheap making that is put into the poor class of ready-made suits. Don't go against either of these games. Put your money in good stuff and then be satisfied all the time you are wearing it.

## Our Ready-to-wear Suits at \$15 upwards

Are made by wholesale tailors who have achieved high reputation for skillful and artistic tailoring. They make our clothes right. Our \$15.00 suits are not equal to the suits made by the merchant tailor who must charge you \$40.00, but are superior in every respect to the trashy made to order suits that are sold from samples and gotten up in the dirty Chicago sweat-shops and which you must pay \$18 to \$25 for. Just give this matter a thought when you are ready to buy your next suit.

The flannel stripes and blue serge sack suits are the proper things for the season coming. We show many styles at \$15.00 and upwards.

We have a first-class tailor to make any changes necessary.
